

THE CORRADINO CORRECTIONAL FACILITY PATCH

This Corradino Correctional Facility Patch was first introduced to members of the service on 1st June 1995.

The patch at the centre contains the Maltese national colours encircled in a blue border with the monogram CCF MALTA 1850; it is flanked by a laurel wreath and surmounted by a watchtower. The motto 'SUAVIS EX ASPERO' is monogrammed at the base on a scroll. The dark green background reflects the officers' uniform colour.

The annum '1850' indicates the year when the prison building at Corradino limits of Paola was officially opened.

This patch has been proudly worn on the uniform of a Corradino Correctional Facility officer.
